## Deliver a safe, smooth transition back to onsite work with Appian's Workforce Safety solution.

Across many organizations, human resources and crisis management teams are working to bring their workforce back onsite safely and manage through the next steps of the COVID-19 pandemic. **Appian Workforce Safety enables organizations to intelligently manage the complexities of returning workers onsite, while maintaining the privacy and security of employee health information.**

- **Safeguard employee data.** Use the HIPAA-compliant/HITRUST-certified Appian cloud.
- **Easy change.** If conditions or regulations change, your approach adapts quickly and easily.
- **Safety on the go.** Appian's Workforce Safety solution is designed to be deployed on mobile apps.
- **Slow the spread.** Respond to COVID-19 exposures rapidly. Easily track and respond to incidents with industry-leading case management, as recommended by the U.S. Centers for Disease Control and Prevention (CDC) guidelines.

## An integrated approach that reduces risk

Workforce Safety is the only software that centralizes and automates the key components needed for a safe return to onsite work while reducing the risk of onsite COVID-19 exposure.

- **Fast, easy workforce health screening.** Employees use a simple web or mobile device to submit and update personal health/risk data required by law and corporate policy.
- **Automated return authorization.** Employees approved to return onsite automatically receive a daily QR-coded pass on their mobile devices for easy verification.

### About ICF

ICF (NASDAQ:ICFI) is a global consulting and digital services company with over 7,000 full- and part-time employees, but we are not your typical consultants. At ICF, business analysts and policy specialists work together with digital strategists, data scientists and creatives. We combine unmatched industry expertise with cutting-edge engagement capabilities to help organizations solve their most complex challenges. Since 1969, public and private sector clients have worked with ICF to navigate change and shape the future. Learn more at [icf.com](https://www.icf.com).

- **FDA-authorized COVID-19 testing.** Appian has partnered with digital health company Everlywell to leverage at-home collection tests for faster results.
- **Isolation processing.** Manage the process to quickly isolate exposed or infected employees and protect your community.
- **Contact tracing.** Track and respond to incidents with industry-leading case management recommended by CDC guidelines.
- **Capacity management:** Easily define capacity limits for shift scheduling based on internal policies and/or local government regulations.

### The mission has never been more critical

Workforce Safety will give you the confidence to manage a safe return to work, at any scale.

- **Easily configured.** Technical skills and integrations are not required. With low-code automation, getting this solution off the ground and working for you is simple.
- **Quickly deployed.** A fast solution that gets up and running in hours and deploys in days to protect your mission-critical workforce.
- **Globally designed.** Interfaces are available in English, Italian, Spanish, German, and French, with the ability to expand to other languages.
